## EDUCATION

---

**Northern Virginia Community College | Alexandria, VA**

**(Intended) A.S. in Engineering | GPA: 3.75/4.0**

(expected transfer date)

**May 2026**

**Relevant Courses:** Introduction to Programming and Cybersecurity

## TECHNICAL SKILLS & CERTIFICATIONS

---

- **Programming Languages:** Python (Beginner), Javascript (Beginner)
- **Operating Systems:** Windows 10/11
- **Languages: English and Spanish** (both fluent)
- **Certifications:** Azure Fundamentals, AWS Certified Cloud Practitioner

## PROJECTS

---

**Game Developer | “DogSweeper”(Parody of minesweeper)**

**February 2024**

- Developed a parody of the classic Minesweeper game using **JavaScript**, replacing mines with dogs to create a fun, engaging twist on the original concept.
- Implemented interactive sound effects where different dog noises indicate the player’s progress, providing audio cues for game outcomes (win/loss).

## PROFESSIONAL EXPERIENCE

---

**Mathematics Tutor | Self-Employed | Alexandria, VA**

**October 2021 - May 2022**

- Developed personalized lesson plans and tailored curriculum for high school and middle school students, demonstrating adaptability and a keen understanding of individual learning needs
- Dedicated 5 hours per week to tutoring, fostering a supportive learning environment, and contributing to the academic success of students in mathematics courses, such as Calculus and Trigonometry

**Sales Associate | Popeyes | Lorton, VA**

**July 2022 - November 2022**

- Handled a large volume of customer orders, ensuring accuracy and efficacy during busy periods, while consistently providing exceptional customer service
- Developed strong time management skills by prioritizing tasks efficiently, order fulfillment, balancing customer service, and teamwork during high-demand shifts

**Sales Associate | Kohls | Kingstowne, VA**

**August 2023 - April 2024**

- Manage a demanding workload, working at Kohls for 24 hours per week while maintaining a high level of customer satisfaction through effective communication and teamwork
- Rotated stock and restocked shelves to maintain product availability and store appearance
