Dillon, MT

WORK EXPERIENCE

United States Air Force

November 2018 - Present

Air Transportation Manager at the 821st Contingency Response Squadron (July 2021-Present)

Fairfield, CA

- Coordinated operations of over 1.6K Air Combat Command airmen, 100 cargo tons, and 55 passengers across four forward operating bases as the information controller, earning the 621st Wing Airman of the quarter award in Q1 2023
- Supported Ukrainian defense against Russian attacks and advances, collaborating with the 60th APS Bunker section to build, inspect, document, and transport 600 tons of aid, ensuring the successful completion of critical missions
- Supervised 2 training events as a Static Load Coordinator, orchestrating the movement of 300 tons of cargo and completing 5.5K upgrade training tasks for 71 personnel, assuring deployment capabilities
- Managed 2 cross-functional Air Transportation training events, instructing 160 personnel from 26 career fields in aircraft loading, pallet build-up, and weighing to enhance skill variety, task identity, task significance, and qualifications
- Fostered international relations by expediting purposeful communication between the US Embassy, Navy, and Panama for 2 missions in escorting 42 tons of high-value assets and 33 passengers through the Panama Canal
- Implemented data analysis by ensuring precise calculations for 107.7 cargo tons. Ensured data accuracy and efficient aircraft space utilization within limitations and capabilities to ensure maximized aircraft fuel efficiency and flight safety
- Executed accurate review and validation of personnel readiness, aircraft, and documentation for 101.4 cargo tons of hazardous materials, and high-value assets while maintaining the highest standards of safety and compliance

United States Air Force

July 2019 - July 2021

Ramp Services Specialist at the 721st Aerial Support Squadron

Ramstein AB, Germany

- Led cargo loading operations as a team chief at the Department of Defense's largest aerial port, vital for cargo movement of 100,000 tons on 18,000 missions, resulting in the Achievement Medal for Meritorious Service
- Contributed crucial humanitarian assistance operations by expediting 21 tons of emergency rations and \$2 million of relief supplies and delivering life-saving aid for over 85,000 displaced Syrian and Iraqi refugees
- Facilitated the transportation of 328 COVID-19 patients to receive life-saving care and efficiently delivered vital supplies to support medical personnel, resulting in receiving the Achievement Medal for Outstanding Achievement
- Aided the transport of 2,000 cargo units on 150 missions, strengthening partnerships with allied African nations
- Demonstrated proficiency in mass transportation of goods by training personnel to effectively operate machinery and vehicles valued at \$21 million, including a 10K AT forklift, 25K Halvorsen loader, and 60K Tunker loader

Mountain View Physical Therapy and Sports Injury Clinic, Inc.

May 2017 - October 2018

Physical Therapist Aide

Great Falls, MT

- Devised bespoke rehabilitation plans for 10 patients daily, utilizing ultrasound and laser therapy strategies, which enhanced patient recovery outcomes through precision-targeted interventions
- Improved patient intake process procedures, achieving a notable reduction in average wait times by 15 minutes, which resulted in increased patient satisfaction and more efficient use of therapists' time
- Customized therapeutic exercises to improve patient mobility and an enhancement in overall recovery rates

University of Montana Western

July 2015 - May 2016

Head Defensive Line Football Coach

Dillon, MT

- Orchestrated comprehensive training protocols for a team of 20 athletes, utilizing expert coaching techniques, insightful film analysis, and rigorous practice schedules, and enhanced the defensive line's performance
- Cultivated a supportive environment, to peak performance levels that contributed to crucial 7 season victories
- Analyzed players and developed defensive game plans, improving the win-loss ratio from the previous season
